Agent states their full name	**0** / 1	[00:01] Agent: "Hi, this is licensed agent James"
Agent states the agency name	**1** / 1	[16:19] Agent: "Yeah, the name of the provider is First Health and then my agency is Central Health Advisors."
Agent mentions that they are on a recorded line	**1** / 1	[18:45] Agent: "Now, if you could just confirm to me today on this recorded line"
Agent must ask about: - Health status (0.5 points) - Current coverage status (0.5 points) - Priority needs (RX, hospitalization, budget, doctors) (0.5 points) - Dependents if applicable (0.5 points)	**2** / 2	[00:07] Agent: "Were you looking to get a plan for yourself or for you and your family?" "And just so I know how to help, do you currently have health insurance?" [01:53] Agent: "Now do you have any pre existing medical conditions?" • Member answered No "Are you on any medications?" • Member answered No [12:40] Agent: "Okay, Perfect. Alrighty. So with adding her to the plan, that monthly premium would come out to be. It would come out to be 371.99. So it would go up a total of about $50 to add someone else to the plan." • Member inquiring about adding spouse
Agent must: - Avoid bias - Avoid scare tactics - Avoid false statements	**0** / 1	[01:53] Agent: "So we'll get you into a PPO plan." [04:30] Agent: "So with it, you're going to be receiving coverage for doctor's visits, diagnostic testing for your blood and lab work, prescription coverage, medical, surgical, hospital and emergency room coverage as well." • There are no ER Benefits with TDK1

sickness/primary care and specialist visit benefits and urgent care Telehealth & preventative services have no waiting period.		emergencies starting on December 1st. But you will have a standard 30 day waiting period for any scheduled doctors visits or procedures." • TDK1 has a 30-day waiting period for all sickness benefits. No benefits for sickness are payable until you've been enrolled for 30 days. • Emergency room visits are not covered under TDK1—there is no ER benefit listed in the Schedule of Benefits. • The 30-day waiting period applies to all sickness-related covered services, not just "scheduled doctors visits or procedures." [31:52] Agent: "Like, let's say one of you woke up with some flu, like, symptoms, middle of December, and you needed to go to urgent care, that would be covered. But for example, if you wanted to get like a yearly checkup or you wanted to go get some blood work done, those are the things that would have to wait the first 30 days." • For TDK1, all sickness-related benefits—including urgent care for flu or similar illness—are subject to a 30-day waiting period.
The member has **no** out-of-network coverage	**0** / 1	[09:12] Agent: "So again, for your doctor's visits, you're going to be able to go see any doctor or hospital in the country. This is a PPO plan, meaning that it's an open network, so there are no restrictions on which doctors you can or cannot see."
Agent Identifies that the network is the "First Health Network"	**1** / 1	[04:30] Agent: "I was able to find you a plan through the first Health PPO network."
Agent accurately conveys that for Accident/Injury: benefits are limited	**0** / 1	Plan is presented as comprehensive coverage. Specifically stating that: [30:25] Agent: "Now lastly, I need to explain that this policy is not an Obamacare policy or a major medical plan. So most individuals get confused with the term major medical. They think there's no coverage for catastrophic events, when in fact there is. So in order for this plan to be considered a major medical, it must include coverage for pregnancy, drug and alcohol abuse treatment,

Agent informs Members must maintain their "employee" status for coverage. *TDK2 may issue W-2s, 1099s, or 1095-Bs depending on setup, but not all forms are always provided.*	**0** / 1	
Must qualify as an employee: pass health/eligibility questions, provide SSN, and spousal signature if adding a spouse.	**0** / 1	
Dependents can be removed any time but can only be re-added with a Qualifying Life Event (QLE). Dependents cannot be added and plans cannot be changed outside of a QLE or Open Enrollment.	**0** / 1	
Plan changes outside Open Enrollment require proof of QLE and must be submitted within 60 days.	**0** / 1	
Plan changes allowed annually on 12-month anniversary.	**0** / 1	
Preventive services covered at 100% in-network; other covered services have frequency limits. Hospitalization/ER is limited (not major medical).	**0.5** / 1	[04:30] Agent: "So with it, you're going to be receiving coverage for doctor's visits, diagnostic testing for your blood and lab work, prescription coverage, medical, surgical, hospital and emergency room coverage as well." • Preventative covered; but limits & in-network not properly explained
This is a group benefit plan under ERISA, not individual or association coverage.	**0** / 1	
Agents must NOT suggest the plan meets ACA essential health benefits or the individual mandate.	**0** / 1	[09:56] Agent: "With that being said, your program will be providing you with benefits from A to Z." [30:25] Agent: "Now lastly, I need to explain that

Agent is licensed in member's state (1) & appointed in member's state (1)	**2** / 2	
Agent states that there are exclusions for PreX Agent accurately presents the 12-month exclusion: Hospitalization (inpatient) benefits/all benefits are not payable for a pre-existing condition during the first 12 months of coverage.	**0** / 2	No mention of exclusions for PreX. Agent asked the member if they had PreX.
Agent accurately states the PreX definition: *A pre-existing condition means any illness or injury for which a member received medical advice, diagnosis, care, or treatment—including taking prescribed drugs—within the 12 months immediately before the member's effective date of coverage.*	**0** / 1	
Agent states that there is a 30-day waiting period for all	**0** / 2	[31:15] Agent: "you guys will be covered immediately for any accidents, sicknesses or

		transgender reassignment surgery, or any inpatient mental health coverage like the psych ward."
Reinforce that services not listed (e.g., out-of-network outpatient, major medical, dental, vision, alternative, etc.) are not covered—ensure member understanding of limited nature of policy Instructs member to review plan documents	**0.5** / 2	[30:25] Agent: "Now lastly, I need to explain that this policy is not an Obamacare policy or a major medical plan." • 0.5 for stating it is not major medical Implies no network restriction.
Instructs member to verify in-network providers via member dashboard	**1** / 1	[16:42] Agent: "Now when it comes to searching for doctors and everything, when you Gain access to your member portal. You'll actually have a list of doctors and hospitals within your local zip code that you can pick and choose from to go to."
Agent does not guarantee provider network participation	**0** / 1	[09:12] Agent: "So again, for your doctor's visits, you're going to be able to go see any doctor or hospital in the country. This is a PPO plan, meaning that it's an open network, so there are no restrictions on which doctors you can or cannot see."
Agent discloses the policy on plan termination (voluntary/cancelation, non-payment)	**0** / 1	
TDK1 is governed by ERISA as an employer-sponsored group health plan. Agents should accurately explain ERISA as the federal law governing group plans, not call it an "ERISA Plan" per se.	**0** / 1	
Members join as employees of a group employer. Recruitment language (*"You're joining as an employee of an employer group"*)	**0** / 1	

		this policy is not an Obamacare policy or a major medical plan. So most individuals get confused with the term major medical. They think there's no coverage for catastrophic events, when in fact there is. So in order for this plan to be considered a major medical, it must include coverage for pregnancy, drug and alcohol abuse treatment, transgender reassignment surgery, or any inpatient mental health coverage like the psych Ward." • This overstates TDK1's limited benefit structure, which is capped and does not provide financial protection against large, catastrophic medical bills.
Initial Health Data Intake Collection: 1. Are you applying as a working owner, W2 employee, or 1099 contractor of your business (or an eligible group)? 2. Are you a full-time resident of the United States (in one of the 50 states or a U.S. territory)? 3. Are you enrolling any dependents (spouse, child, adopted child, child under guardianship)? For spouse: Is your spouse legally recognized according to your state's law? (Common-law marriages may require documentation.) For adopted or guardianship children: Can you provide legal documentation if requested? 4. Are you within the plan's age cutoff for	**4** / 5	[18:45] Agent: "Now, if you could just confirm to me today on this recorded line that you are a United States citizen and or resident and that all the information that you provided on your health is an accurate warrant representation to the truth." [19:03] Agent: "Now, in order to verify your citizenship status, what is your social." Confirms age via DOB. Confirms dependents.

enrollment (typically 18–64 unless otherwise specified by group/employer)? 5. Can you provide a valid Social Security Number for yourself (and for all dependents, if enrolling)? *These are not eligibility questions.*		
Visit Limits: PCP 3/year, maximum of $150/visit Specialist 1/year, maximum of $300/visit Urgent Care 1/year, maximum of $300/visit Wellness (preventative care/screening/immunization) 1/year, maximum of $150/visit	**0** / 1	[04:30] Agent: "So with it, you're going to be receiving coverage for doctor's visits, diagnostic testing for your blood and lab work, prescription coverage, medical, surgical, hospital and emergency room coverage as well."
Copays: PCP $25, Specialist $50, Urgent Care $50 Preventative Care/screening/immunization $0	**2** / 2	[09:12] Agent: "So for any primary care doctors visits, that'll be a $25 copay." "And then for any specialist visits or urgent care visits, It'll be a $50 copay." "Then for your yearly checkups, wellness exams, colonoscopies, that's all going to be covered at 100%."
Hospitalization Benefit: $1,000/day, up to $5,000/year; pre-x exclusion applies to this benefit for 12 months.	**0** / 1	[04:30] Agent: "So with it, you're going to be receiving coverage for doctor's visits, diagnostic testing for your blood and lab work, prescription coverage, medical, surgical, hospital and emergency room coverage as well." [09:56] Agent: "You have your day to day benefits such as doctors visits and prescriptions, as well

		as for anything serious such as hospitalization and surgeries, all with no deductible to satisfy First." Claims full hospital & ER Coverage
Agent accurately states the name of the plan is TDK1	**1** / 1	[16:19] Agent: "Yeah, the name of the provider is First Health and then my agency is Central Health Advisors." [24:05} Agent: "Yeah, no worries. When you look at it, you'll see the 349 for the TDK one with the 99 enrollment fee, and then the 2299 for the assist Pro. So that's just showing you where all the money's allocated towards in the plan."
Agent Accurately states that TDK stands for Transforming Data to Knowledge TDK1 is the name of the benefit plan for Health Data Analytics (employer group)	**0** / 2	
Agent accurately states that the plan is administered by Detego Health and that they process claims	**0** / 1	[29:17] Agent: "And then the next thing you'll write down, that is going to be First Health PPO Network. And again, that's your guys insurance provider."
Accurately conveys that there is no deductible	**1** / 1	[04:30] Agent: "And the best part is that there is no deductible."
Agent explained that TDK1 covers 70+ generic prescriptions for free, with other medications available only at a discount and no coverage for brand or specialty drugs.	**0** / 1	[04:30] Agent: "So with it, you're going to be receiving coverage for doctor's visits, diagnostic testing for your blood and lab work, prescription coverage, medical, surgical, hospital and emergency room coverage as well." [09:56] Agent: "Now for your medications, you'll be in a two sided prescription savings program. So your medications are typically $10 or less." • TDK1 does not have a "two sided" savings program. • Full coverage (at $0 cost) for 70+ specific generic medications listed on the TDK1 formulary. • For other medications, a prescription discount card can be used to potentially lower the retail price, but this is not insurance coverage

After you reach your visit limit, the plan pays nothing for additional visits—even if you use an in-network provider. The plan does not offer "repricing" or discounted rates after the covered maximum is reached.	0 / 1

WORKING OWNER STATUS

1. You have fully read and consent to the terms of the HCDA New Working Owner Joinder Agreement which is incorporated by reference in their entirety.
2. You understand that the HCDA benefit plans are not major medical insurance and should not be viewed as a substitute for major medical coverage.
3. The HCDA plans do not comply with the Affordable Care Act (ACA), otherwise known as "Obamacare."
4. The Hospital Indemnity Benefit of these plans does not cover any pre-existing conditions.
5. The HCDA Plans have a limited schedule of benefits and will only pay for those items specifically listed in the schedule of benefits.
6. The HCDA Plans have a 30-day waiting period for sickness before coverage is provided.
7. THIS IS A SUPPLEMENT TO HEALTH INSURANCE AND IS NOT A SUBSTITUTE FOR MAJOR MEDICAL COVERAGE. LACK OF MAJOR MEDICAL COVERAGE (OR OTHER MINIMUM ESSENTIAL COVERAGE) MAY RESULT IN AN ADDITIONAL PAYMENT WITH YOUR TAXES.
8. To maintain your status as a Working Owner, you agree that you intend to dedicate a substantial amount of time to your business and/or you intend to earn compensation in excess of the cost of your benefit program.

Compliance Flags:

[04:30] Agent: "Okay, so I have some great news for you. So based on the information that you provided, I was able to find you a plan through the first Health PPO network. So PPO stands for Preferred Provider Organization, which means this allows you to pick and choose your own doctors. Now they are an AM Best, a rated insurance carrier. And there are over 900,000 doctors and hospitals nationwide that will accept your insurance. So with it, you're going to be receiving coverage for doctor's visits, diagnostic testing for your blood and lab work, prescription coverage, medical, surgical, hospital and emergency room coverage as well. Now

again, you're going to be able to choose to see any doctor or hospital anywhere in the country without a referral to see a specialist. And the best part is that there is no deductible."

- **Misleading –**
- Network and Access Misstatements:
  - "Pick and choose your own doctors":
    - TDK1 uses the First Health network, but coverage for outpatient services and wellness benefits is only provided in-network.
  - "Over 900,000 doctors and hospitals nationwide that will accept your insurance":
    - While First Health may have a large network, the statement should specify that benefits are paid only if you use in-network providers for most services.
- Coverage Overstatements:
  - "Coverage for doctor's visits, diagnostic testing, blood and lab work, prescription coverage, medical, surgical, hospital, and emergency room coverage as well":
    - TDK1 has strict annual visit limits (3 primary care, 1 specialist, 1 urgent care per year).
    - Diagnostic testing, blood, and lab work: Only basic preventive labs may be covered as part of the annual wellness visit; routine or diagnostic labs are not broadly covered.
    - Prescriptions: Only 70+ common generics are covered at $0; brand and specialty drugs are not covered.
    - Hospital and surgical coverage: Limited to a fixed indemnity of $1,000 per day, up to $5,000 per year—not comprehensive major medical coverage.
    - Emergency room: Not covered under TDK1.

[22:12] Agent: "Remember all of this insurance goes based off your guys health history rather than your income. So when it comes to filing taxes, you can actually write this plan off."

- Whether someone can write off (deduct) TDK1 or any Detego Health plan premiums depends on their personal tax situation—not on the plan itself.
- With TDK1, health does not determine eligibility, anyone eligible can enroll, though pre-existing conditions are excluded for the first 12 months.

		[07:26] Agent: "So the premium came out to be only $320.99 per month. Now there is a one time standard $99 group association enrollment fee to join into the planned group. So what this fee does is it guarantees that your plan is month to month. It is nationwide…And it also locks in your rate. This way you are guaranteed that your monthly premium will never increase as long as you have the plan." • Month-to-month nature of the plan is not tied to the enrollment fee • There is no guaranteed rate lock with TDK1 • Nationwide coverage can be misleading [08:23] Agent: "Yeah, no, this would be your lowest monthly cost plan that you'd find right now." [09:12] Agent: "So again, for your doctor's visits, you're going to be able to go see any doctor or hospital in the country. This is a PPO plan, meaning that it's an open network, so there are no restrictions on which doctors you can or cannot see." • Members must confirm providers participate in the First Health Network or the plan will pay nothing (except for limited hospital indemnity, which is separate).
Agent breaks down first month cost & ongoing month cost	1 / 1	[07:26] Agent: "So the premium came out to be only $320.99 per month. Now there is a one time standard $99 group association enrollment fee to join into the planned group." [14:49] Agent: "So for starters, I just want to go over the premium again. So with her being added to the plan, the monthly premium comes out to be 371.99. And then with the one time 99 group association enrollment fee, the first month comes out to 470.99 today."
Agent identifies Neo Insurance Solutions as the billing administrator i.e. *Neo Insurance will appear on*	0 / 1	No mention of Neo.
