Activities for Working Owners

How the program works

Working owners need to complete an average of 8 activities every 12 months. Some activities will be mandatory and others will be voluntary. Generally, activities are short and can be completed in a time range between five to 15 minutes. Most activities can be completed on your phone. Here is a list of possible activities:

Health Activities

Watch a Video

Watch a five-minute or less video and take a short quiz on what you learned.

Topics include:

- Stress Management
- Nutrition
- Disease Management

Fitness

Take a journey to better your health by completing a Road to Wellness module. Modules include:

- Diet and Nutrition
- Tobacco Cessation
- Fitness
- Stress

Surveys

Learn more about yourself by taking short online surveys.

Surveys include:

- Life Satisfaction Survey
- Burnout & Engagement Survey
- Food Frequency Survey

Other Activities

- Health Coaching
- Record your Vitals
- Record your Vaccines
- Health Risk Resolutions

Activities available at an additional cost include:

WELLNESS AND HEALTH PLAN EMPLOYEE BENEFIT PLAN

I. PLAN INTRODUCTION

This document serves as the Summary Plan Description and controlling Plan Document, as required by the Employee Retirement Income Security Act of 1974, 29 U.S.C. et seq. (ERISA), for the Wellness and Health Plan, Employee Benefit Plan and will herein be referred to as the "Plan". While this does meet the Minimum Essential Coverage (MEC), this plan is not considered Creditable Coverage. Any wording which may be contrary to Federal Laws or Statutes is hereby understood to meet the standards set forth in such. Also, any changes in Federal Laws or Statutes that could affect the Plan are also automatically a part of the Plan, if required.

All eligible individuals who apply and are accepted as members of the Plan agree to abide by all terms and conditions set forth in this document. It is the Working Owners (WO) responsibility to read this document.

The Plan is an ERISA health and welfare plan, and the responsibility for the administration of the Plan is with the Claims Administrator. For the name, address, and other important information regarding the Claims Administrator, refer to the Information Section of this Plan Document. Detego Health is the Benefits Administrator for the benefits payable under the Plan. For questions regarding claims processing and benefit information, contact the Benefits Administrator at:

Detego Health LLC
759 N 114th St, Suite 300
Omaha, Nebraska 68154

The Claims Administrator reserves the right to terminate or modify the provisions of this Plan at any time without notice or the consent of any person. Such termination or modification will be made in writing and communicated to Plan Members by the Claims Administrator. The Plan Document shall not be deemed to constitute a contract

of any type between the Employer and any Participant or to be consideration for, or an inducement or condition of, the employment of any Member. Nothing in this Plan Document shall be deemed to give any Working Owner the right to be retained in the service of the Employer or to interfere with the right of the Employer to discharge any Working Owner at any time.

II. PLAN ELIGIBILITY AND MEMBERSHIP

Who is Eligible to Participate: Participation in the Plan shall be limited to the following categories:

1. If you are a W2 employee, 1099 affiliate or working owner of your own company you can enroll for coverage. In addition, certain members of your immediate family may also be eligible, so long as the Eligible member is enrolled in the plan, and they meet the eligible dependent definitions. Upon request, Eligible members must provide proof of their dependent's eligibility for coverage.

2. All participants must be Full-Time residents of the United States residing within the 50 states or a U.S. territory.

3. The term "Spouse" excludes non-married, same sex marriage, or common law Spouses, unless such relationship is recognized in statute or case law for a state of residence. Common law marriage must be documented as requested by the Benefits Administrator to include proof of an ongoing common law marriage relationship. Spouse and dependent children must reside within the United States.

4. *Adopted Child*: A child who is adopted by the Plan Member under the state laws in which the member resides or placed with a Plan Member in anticipation of adoption, will be considered a Dependent for the purposes of enrollment in the Plan. To become and remain covered, proof of adoption or proof that the adoption legal process has commenced must be provided to the Plan, as requested.

5. *Court Ordered Guardianship*: The Plan will accept the application of a Dependent child who is under the legal guardianship of the Plan Member. The Plan will accept the application of such a child if the Plan Member can show that the child is a Dependent of the Plan Member, or if his or her Spouse has legal guardianship of the child. The enrollment will be treated as a Special Enrollment. The Plan will require proof of legal guardianship and Dependent status.

6. *Court Order*: If a member or the member's Spouse is required by court order to obtain coverage for a Dependent child due to divorce, the Dependent child listed on the court order will be allowed to enroll in the Plan on the date as specified in the court order. If the member is not currently covered by the Plan, the dependent will be added to the Plan along with the applicable Dependent child.

7. *Dependent Child Coverage End*s: An eligible and enrolled Dependent child will be eligible for coverage from live birth until the end of the month in which the child attains age 26. There will be no coverage after the month the child attains age 26 (coverage will be provided up to and through age 25).

Waiting Period: There is a 30-day waiting period to use any services besides Virtual Medical Services and Pharmacy, as detailed in the Summary of Benefits; this applies to your first year only. Additionally, the 30-day waiting does not apply to emergent care benefits included in the plan. Members that disenroll in the plan for longer than 90 days will be subject to the 30-Day waiting period. At no time will benefits reset during a 12-month enrollment.

New Members and First Enrollment Period: The eligible Member must elect to participate in the Plan by completing the required enrollment application and signing the company Joinder Agreement.

First Enrollment Period Free Look Period: The proposed insured may, within 30 days of coverage starting upon coverage effective date, return the policy stating reasons for objection if the policyholder disagrees with the terms and conditions. Funds will be returned after it is verified that no services were used.

Special Enrollment: This Plan will permit members who are eligible but not enrolled for coverage to enroll in two additional circumstances:

1. The members or dependent's Medicaid or CHIP coverage is terminated as a result of loss of eligibility and the member requests coverage under the Plan within 60 days after the termination, or

2. The member or their enrolled dependent becomes ineligible for a premium assistance subsidy under Medicaid or CHIP, and the member requests coverage under the Plan within 60 days after eligibility is determined.

Annual Enrollment: Employees will be allowed to change some of their benefit decisions each year during the Plan's Annual Enrollment period. The Annual Enrollment period will be a designated time each year with coverage change effective the first day of the Benefit Year.

Medicare and Kidney Disease: Medicare may provide benefits for a covered member of this Plan who would have a kidney disease including renal failure. The Plan will conform to the regulations and any waiting period that may be associated with the benefits. The Plan Member should always check with his or her Social Security office for detailed information. Note, at no time will the plan provide benefits for a non-covered service.

Genetic Information Nondiscrimination Act "GINA": "GINA" prohibits group health plans, issuers of individual health care policies, and Employers from discriminating based on genetic information.

The term "Genetic Information" means, with respect to any individual, information about:

1. Such individual's genetic tests;
2. The genetic tests of family members of such individuals; and
3. The manifestation of a Disease or disorder in family members of such individual.

The term "Genetic Information" includes participating in clinical research involving genetic services. Genetic tests would include analysis of human DNA, RNA, chromosomes, proteins, or metabolites that detect genotypes, mutations, or chromosomal changes. Genetic information is a form of Protected Health Information (PHI) as defined by and in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and is subject to applicable Privacy and Security Standards.

Family members as it relates to GINA include dependents, plus all relatives to the fourth degree, without regard to whether they are related by blood, marriage, or adoption. Underwriting as it relates to GINA includes any rules for determining eligibility computing premiums or contributions. Offering reduced premiums or other rewards for providing genetic information would be impermissible underwriting.

GINA will not prohibit a health care provider who is treating an individual from requesting that the patient undergo genetic testing. The rules permit the Plan to obtain genetic test results and use them to make claims payment determinations when it is necessary to do so to determine whether the treatment provided to the patient was medically advisable and/or necessary.

The Plan may request, but not require, genetic testing in certain very limited circumstances involving research, so long as the results are not used for underwriting, and then only with written notice to the individual that participation is voluntary and will not affect eligibility for benefits, premiums, or contributions. In addition, the Plan will notify and describe its activity to the Health and Human Services secretary of its activities falling within this exception.

While the Plan may collect genetic information after initial enrollment, it may not do so in connection with any annual renewal process where the collection of information affects subsequent enrollment. The Plan will not adjust premiums or increase group contributions based upon genetic information, request or require genetic testing or collect genetic information either prior to or in connection with enrollment or for underwriting purposes.

TERMINATION OF COVERAGE

Termination of Plan Membership: A Plan Member's coverage will terminate with the Plan for any one of the reasons outlined in this section. This termination language will apply to each class of eligible Members. Coverage ends on the last day of the month following one of the events listed, unless otherwise specified. Spouse and dependent children will terminate on the same date as the Member for the all benefits; or for a dependent child, the end of the month in which they turn 26.

1. Working owner does not maintain good standing by completing all required activities each year.

2. Voluntary Termination of Coverage. Coverage will end on the last day for which a contribution has been paid for a Plan Member who voluntarily ends coverage.

3. Death. Coverage will end on the date of death of the member.

4. Contributions. If the covered Plan Member or beneficiary fails to remit required contributions within thirty (30) days when such payment is due, then coverage will terminate at the end of the period for which a contribution is made.

5. Military Duty. The date the Plan Member becomes a full-time member of the Armed Forces of any United States on a full-time active-duty basis, or a government unit covered by or Uniformed Services Employment and re-employment Rights Act of 1993 (USERRA). Reserve duty, drills and summer camp shall be excluded from the definition of active duty unless such duty lasts over 30 days as defined by the act.

6. Plan Termination. The date the Plan is terminated.

Rescission of Coverage: Coverage under this Plan may be rescinded under certain circumstances. A determination by the Plan that a rescission is warranted will be considered an Adverse Benefit Determination for purposes of review and appeal. A Participant whose coverage is being rescinded will be provided a thirty (30) day notice period as described under Health Care Reform and regulatory guidance. Such notice

shall be considered an Adverse Benefit Determination. At the conclusion of the thirty (30) day notice period, coverage shall be terminated retroactive to the date identified in the notification. Claims Incurred after the retroactive date of termination shall not be further processed and/or paid under the Plan. Claims Incurred after the retroactive date of termination that were paid under the Plan will be treated as erroneously paid claims under this Plan.

III. CONTINUATION OF COVERAGE

Working Owners are not considered employees, therefore continuation of coverage under FMLA and COBRA does not apply. Members' coverage will continue in accordance with the terms and conditions of this plan.

Working Owner: Shall mean an individual who has been accepted by the Plan Sponsor and completes duties as assigned.

Family Member: Shall mean the

(a) Member biological, step, or foster parent or

(b) a natural, adopted, foster, or stepchild, or a legal ward under 18 years of age, or 18 years and older and incapable of self-care because of a mental or physical disability or

(c) spouse.

Eligibility Requirements: This shall mean an individual who has been accepted as a Working Owner by the Plan Sponsor.

Deadline for Providing the Notice for Qualifying Events: As described above, the notice must be furnished by the date that is 60 days after the latest of:

1. The date on which the relevant Qualifying Event occurs;
2. The date on which the Qualified Participant loses (or would lose) coverage under the Plan as a result of the Qualifying Event.

IV. SCHEDULE OF BENEFITS

VERIFICATION OF BENEFITS

Call this number to verify benefits and eligibility for Plan benefits **before** the charge is incurred.

Phone
(866) 815-6001

MEDICAL BENEFITS

This plan is not a traditional Major Medical plan. The Plan has exclusions and limitations not associated with Major Medical plans.

All benefits described in this Schedule are subject to the exclusions and limitations described more fully herein, including, but not limited to, the Claims Administrator's determination that: care and treatment is Medically Necessary; that charges are within the Plans allowable fee for; that services, supplies and care are not Experimental and/or Investigational. The meanings of these capitalized terms are in the Defined Terms section of this document.

The Claims Administrator has the discretionary authority to decide whether a charge is within the Plans allowable fee. Benefits under this Plan shall be paid only if the Claims Administrator decides in its discretion that a Covered Person is entitled to them.

Charges for unidentified or non-specifically identified services must be identified to the Claims Administrator's satisfaction prior to payment. A provider that accepts the payment from the Plan will be deemed to consent and agree that

(i) such payment shall be for the full amount due for the provision of services and supplies to a Covered Person and

(ii) it shall not "balance bill" a Covered Person for any amount billed but not paid by the Plan.

PRE-DETERMINING COVERAGE BEFORE TREATMENT

The Plan may not cover all medical costs incurred by the Covered Person. The patient and doctor can use the pre-determination procedure to know in advance what the Medical Plan will cover. **The pre-determination procedure is as follows**:

The doctor should submit a letter with specific details and pertinent medical information as to the proposed treatment plan or surgical procedure to the Claims Administrator.

The Claims Administrator will review the proposed care and advise the Covered Person and the doctor of the coverage available under the Medical Plan.

V. DEDUCTIBLES/CO-PAYS/BENEFIT YEAR VISIT LIMITS/ OUT OF POCKET MAXIMUM

Benefit Year Deductible: The Benefit Year Deductible is the amount of Eligible Expenses the Plan Member pays for covered health services per Benefit Year before the Plan Member is eligible to receive benefits. There are no deductibles that the Plan Member must meet in this Plan.

Co-pay: A Co-pay is the amount the Plan Member pays each time they receive certain covered benefits. There are no co-pays benefits in this Plan.

Continuity of Care: If a Plan Member is receiving continued care for on-going medical conditions (such as but not limited to terminal illness, postoperative care, cancer, pregnancies, etc.) from an in-network provider or facility and that provider's network status changes to out-of-network, the Plan Member can continue to receive care from the provider at the in-network rate for 90 days. The provision does not apply if the provider or facility contract is terminated with good cause, such as fraud or failing to

meet standards. The Plan will notify Plan Members of the change in network status from in-network to out-of-network and the right to continue care for ongoing medical conditions.

Benefit Year Visit/Service Limit: The Benefit Year Visit/Service Limit is a set number of visits or prescriptions that may be used each Benefit Year per enrolled person. Visits and prescriptions that exceed the listed Benefit Year Visit/Service Limit will not be covered by this Plan.

Out-of-Pocket Maximum: The Plan is a limited benefit Plan with no out-of-pocket maximum benefit.

Benefit Year: This is a twelve-month period during which the Benefit Year Visit Limit is applicable.

RECOVERY OF INCORRECT PAYMENT

The Plan tries to be sure that claims are processed correctly and quickly. If the Plan finds a payment that is incorrect, the Covered Person must repay any overpayment or incorrect payment to the Plan. The Plan will advise the Covered Person in writing if a refund is requested. Future benefits could be reduced to recover any overpayment or incorrect payments made.

INFORMATION AND RECORDS DISCLAIMER

At times the Plan may need additional information from the participants in order to furnish the Plan with all information and proofs that the Plan may reasonably require regarding any matters pertaining to the Policy. If the Participants do not provide this information when requested, it may delay or deny payment of their Benefits.

By accepting Benefits under this Plan, they authorize and direct any person or institution that has provided services to them to furnish the Plan with all information or copies of records relating to the services provided. The Plan has the right to request this information at any reasonable time. This applies to all Covered Participants, including Enrolled Dependents, whether or not they have signed the Subscriber's enrollment form. The Plan agrees that such information and records will be considered confidential.
