Benefit Summary

Payment for Services		
Covered Services are reimbursed based on the Allowable Charge. In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for non-covered Services, which are the Covered Person's responsibility. That means In-network providers, under the terms of their contract, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. Cost-sharing and reimbursement amounts for categories showing "Same as any other illness" may vary based on where services are rendered.		
In-network Provider: The provider network is shown on your I.D. card. For help in locating In-network Providers, visit the network website to search In-network Providers, or contact Member Services.		
	In Network	**Out of Network**
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable)		
• Individual	$3,000	Not Covered
• Family (Embedded*)	$6,000	Not Covered
Out-of-pocket Limit (Includes Deductible, Coinsurance and Copays)		
• Individual	$9,200	Not Covered
• Family (Embedded*)	$18,400	Not Covered
In-network and Out-of-network Deductible and Out-of-pocket Limits are separate and do not cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) do cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain services shown on this summary are not applicable to Mental Health and/or Substance Use Disorders. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit amounts. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket amounts.		
Copayment(s) (copay(s)) apply to: • Prescription Drugs • Primary Care Visits • Urgent Care Facility • Specialist Office Visits The Copay amount varies by the type of Covered Services. Refer to the appropriate category for benefit information.		
Services may require Preauthorization. Failure to obtain Preauthorization will result in denial of benefits.
